HOCKEY BOYS ENTERTAINED

Last night, at the opera house, the boys of the Blaimore hockey team were guests of the citizens of Blaimore at a dance, when they were presented with suitable souvenirs in recognition of their successes during the past season.

Following a short period of dancing, the chair was taken by His Worship Mayor McLeod, who briefly outlined the purposes of the occasion and called upon Mr. J. E. Gillis for the creation of the evening. Mr. Gillis in a fitting manner eulogized the boys of Alberta's champion team, laying particular stress upon the fact of their having won the Charbonnier Cup, the Wright Cup and the Herald-Journal Cup through the cleanest brand of hockey ever displayed in Canada, and stated that he did not believe for a few mishaps over which the boys had no control, side by side with the present display of trophies would have been the coveted Allan Cup. No one, in his mind, could say that the trophies had not been honorably won. The boys were champions in the local district competition for the Charbonnier Cup, having secured the cup from Bellevue, who were Canadians since last season. They had won the Wright Cup as champions of the Crows' Nest Pass Hockey League, losing but one game of the whole series. They were now holders of the Herald-Journal Cup, emblematic of the provincial championship. Mr. Gillis, on behalf of the citizens of Blaimore, congratulated the Blaimore Hockey Team and trusted that the lineup would remain intact for another season, and many other seasons, and in fact forever, if possible.

Mr. Gillis then presented the Charbonnier Cup to Mr. L. L. Morgan, representing the local club.

Presentation of the Wright and Herald-Journal Cups was made by Mr. G. E. Cruikshank, of Hinton.

It was hoped that His Honor Judge Jackson, representing amateur sport, would have been present, but word was received from him of his inability to attend.

Next, suitable souvenirs in the shape of neatly inscribed gold watches were presented to each of the active members of the team, namely Ennis, Rhynas, Mackie, Turner, Pruden, Goddard, Harvey, Vejravada, Reddick, Renick and LeVasseur; pins to W. Wheatley, H. Gunn, C. Byers, Marshall Hamilton and Mascot Evans.

Mr. L. L. Morgan made reply to the various speeches, thanking the citizens for the magnificent manifestation of their interest in the boys and appreciation of their successes during the season. Mr. Morgan promised that as far as possible the team would be held intact for next season.

Dancing was again resumed and kept up until the wee hours of the morning to the strains of music from Mrs. Altematt's orchestra. Refreshments were served during an intermission at midnight.

Despite the storm, fully two hundred and fifty people were in attendance.

SALE OF WORK A SUCCESS

As a result of the sale of playground and fancy sewing, held under the auspices of the ladies of the Union church in the I.O.O.F. hall last week, upwards of \$130 was netted for the church building fund.

The sale was well attended and practically everything was disposed of.

The ladies desire, through The Enterprise, to thank all who in any way assisted towards the success of the undertaking.

The second degree will be conferred at the regular meeting of Blaimore Lodge, I. O. O. F., next Tuesday night. A degree team from Coleman will perform. There will be five candidates. Lunch and social will be held after the degree work.

WORK ON NEW COURTHOUSE COMMENCES

Mr. Abercrombie, of the building and contracting firm of Watson & Abercrombie, Calgary, arrived here on Monday morning and now has a gang of men and teams working on the site for the new courthouse on Victoria Street east. The excavation for the foundation is about complete and construction work will be commenced this week end.

LADIES AID ELECT OFFICERS

The regular monthly meeting of the Ladies' Aid of the Union Church was held on Wednesday, April 4th, at 2:30 p.m., in the church.

The treasurer reported \$140 cleared at the annual Easter sale and tea. The following ladies were elected to office for the coming year: Honorary President—Mrs. (Rev.) W. T. Young.

President—Mrs. W. Howe, senior, re-elected.

Vice-President—Mrs. J. E. Upton.

Secretary—Mrs. W. A. Henderson.

Treasurer—Mrs. D. A. Howe, re-elected.

Visiting Committees—Mrs. C. A. Fraser and Mrs. F. M. Thompson for West Blaimore; Mrs. F. S. Dawson and Mrs. E. Elliott for East Blaimore.

At the close of the meeting tea was served by Mrs. Upton, Mrs. Huffman and Mrs. Henderson.

I. O. O. F. MEETING

The next regular meeting of Crows' Nest Chapter, I.O.O.F., will be held in the parlor of the Greenhill hotel on Tuesday next, April 10th at 7:30 p.m.

BOARD OF TRADE EXECUTIVE MEETS

The executive of the Blaimore Board of Trade held a meeting in the office of the Crows' Nest Pass Motors on Tuesday night, when plans for the approaching season were reviewed. It was decided to avail of the kind offer of Mr. J. F. Spaulding, publicity commissioner, of Fernie, to come to this district and undertake a campaign of advertising and general publicity. Mr. Spaulding last year promised to assist the local Board in this way at any time free of charge, but the Board felt that the least they could do in return would be to pay Mr. Spaulding's local expenses.

A committee was chosen to look up a suitable campsite and were allowed an appropriation of \$100 with which to set a site in readiness for tourists.

Another committee was appointed to going into the matter of better accommodation for the post office. This matter will be taken up through the local postmaster, Mr. Farmer; also with Mr. Coote, our federal government representative, and with the postmaster-general.

Various other matters were discussed.

BELEVUE BOARDING HOUSE CHANGES HANDS

The Bellevue Inn, which for some years has been run by Mrs. James Callan, has changed hands, the lease having been transferred on Monday last to Mr. Zettie, of Lethbridge.

The Bellevue Inn is a well-arranged house with about seventeen nicely furnished and comfortable rooms and large parlor and dining rooms.

Mr. and Mrs. Zettie are now in charge.

Looking Forward

The more you think about the future, and about Opportunity and Success, the more enthusiastic you become about being a money saver.

If you have mastered the art of saving, you can forecast with reasonable accuracy how much of a factor you will be in the days of opportunity which are drawing near.

"Double your Savings: It CAN be Done."

ROYAL YEAST CAKES
RICH IN VITAMINES

MADE IN CANADA

The importance of Vitamins in food is being recognized at the present time to a greater extent than ever before. It has been conclusively demonstrated that yeast is rich in this all important element. Many people have received great benefit physically simply by taking one, two or three Royal Yeast Cakes a day. Send name and address for free copy "Royal Yeast Cakes for Better Health."

E. W. GILLET COMPANY LIMITED
WINNIPEG TORONTO CANADA MONTREAL

WORLD HAPPENINGS BRIEFLY TOLD

Madame Ferdinand Bryndas, 70, sister of former Premier Cleland, died at Paris.

Opening of navigation at the head of the lake is not expected until the first of May, allowance being made for a longer than usual cold spell.

The war damage in the devastated region of France is fixed at \$5,750,000, 000 francs in the revised figure announced by the Minister of Liberated Regions.

A severe earthquake was recorded on the seismograph at the Victoria observatory on March 24. The record lasted about three hours and was estimated at a point probably in the Southeast Pacific region of Chile.

Six carloads of first-class Alberta coal, mined in different parts of the province, were sent to Toronto and Ottawa, to give consumers in those cities a practical demonstration of how the best coal can solve their heating problems.

Two reserve officers of the United States Army Air Service were buried at death at Fort Bliss, Texas, where they died in a plane crash, which was making a practice flight, crashed to the ground in full view of hundreds of spectators.

A further addition of 2,500,000 bushels to the grain storage capacity of Port Arthur elevators is provided for in an addition to the Saskatchewan Co-operative Elevator Company's plant. This will give the Saskatchewan elevator a total capacity of 8,000,000 bushels.

All a result of a meeting of the Defence Council the British Admiralty will be asked to agree to an interchange of vessels of the Australian and Imperial fleets with a view to giving Australians the benefit of training in the Mediterranean and the Atlantic sea.

MRS. ROSE PETERS

Toronto, Ont., During the last year of widowhood Mrs. Peters has had such great comfort from the use of Dr. Pierce's Favorite Prescription that I do not hesitate to recommend it to other women who are suffering from any of the troubles mentioned in the following testimonial. I took this medicine for my first, second and third periods and I feel quite sure that my babies were just as healthy and strong as I myself, for my own health was so good that I was able to take care of my children and my household.

Toronto Woman Advises Young Mothers!

Health is most important to every woman. You cannot afford to neglect it when your neighborhood druggists can supply you with Favorite Prescription in tablets or liquid. This Prescription is made in Dr. Pierce's Laboratory in Hingham, Mass. Send a trial package if you want a trial package.

W. M. L. 1460

Value of Hudson Bay Cruise

Announced that Saskatchewan is Unlikely to be Represented in Trip

Saskatchewan is unlikely to be represented on the proposed cruise through the Hudson Bay to be organized by the Federal Government in August next, according to the present intentions of the Saskatchewan government, as announced by Premier Dunning in the legislature. He intimated an overland trip to the Hudson Bay Railway which some western provinces contemplated organizing in 1922, would have more practical value than the proposed cruise through the Straits.

Premier Dunning said some of the western provinces had in mind organizing an overland trip to the bay over the Hudson Bay Railway during 1922. He believed that would have more practical value than a cruise through the Straits. The results of such a trip might be very valuable in the event of a controversy arising as to the suitability of one or other of the two ports. The Government has been assured by high maritime authorities that the trip through the Straits in August would prove nothing, and that the passengers would not be able to see anything that would determine the practicability of the route or otherwise.

"However," he added, "there is still time to change our minds if we should later consider it advisable to have the province represented on that occasion."

BABY'S HEALTH IN THE SPRING

The Spring is a time of anxiety to mothers who have little ones in the home. Conditions make it necessary to keep the baby indoors. He is often confined to "overheated" and ventilated rooms and catches colds which rack his whole system. To guard against this a box of Baby's Own Tablets should be kept in the house and an occasional one given the baby to keep his stomach and bowels working regularly. This will prevent colds, constipation or colic and keep baby well. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Alberta Coal For Ontario

Hope to Secure Satisfactory Freight Rate to Make Plan Possible.

The Ontario Government is investigating the possibility of getting the coal supply for this province from Alberta. Hon. Howard Ferguson, in the Legislature, got this information from Premier Dunning when he asked what was being done to get winter coal at a lower price. The Ontario Government has been in communication with the Government of Alberta regarding the coal supply. After studying the situation, I have more faith in a solution of the difficult problem by bringing in Alberta coal than I have in the importation of eastern coal, at least for this year.

For some weeks this Government has been in communication with the Government of Alberta regarding the coal supply. After studying the situation, I have more faith in a solution of the difficult problem by bringing in Alberta coal than I have in the importation of eastern coal, at least for this year.

Many have been relieved of crops by Holloway's Corn Renover. It has a power to give corn a new lease of life. It is a powerful and effective.

The erection of a pulp and paper mill at Port Alexander, about 70 miles from Winnipeg, will be started this spring by J. D. McArthur & Co., Ltd., according to information received in Winnipeg. The scheme also provides for the construction of a railroad 30 miles from Beacom to Port Alexander, and the total expenditure will amount to \$2,000,000. The plant, which will have a capacity of 120 tons a day is expected to be completed within two years.

Silos in Western Canada

Approximately three hundred silos were sold in Western Canada last year according to figures compiled by the New West Farmer from reports received from manufacturers and distributors. In addition a large number of home-made silos were erected. Bringing the total up to between 900 and 1,000. It is estimated that approximately double that number will be erected during 1922.

Canada's Meat Trade

Canada exported meat and allied products to the value of \$10,345,000, according to a favorable balance of \$2,187,000, according to a statement issued by the Dominion Bureau of Statistics. It is expected that shipments to the United Kingdom in 1922 will show a substantial increase over those of 1921, in view of the lifting of the embargo on Canadian cattle by the British Government.

Minard's Liniment for Burns & Scalds

Probably there is nothing in the world that gives a man that tired feeling quicker than to have another man say, "Why don't you do as I do?"

But it doesn't run very hard on the joints if he is roasting under a violent umbrella.

Fully 25 per cent. of accidents to workmen are due to insufficient lighting.

GIN PILLS FOR THE KIDNEYS

World's Best Kidney and Liver Pills

Breaks Chest Colds in short order

Whenever you feel that tightening in the chest, that deep-seated irritation that is the sure forerunner of a chest cold—

Apply Sloan's to chest and neck. It breaks up the congestion and brings instant relief. The penetrating warmth of the liniment restores normal circulation and reduces inflammation. Don't let your chest cold develop. Wherever congestion causes pain—use Sloan's.

Sloan's Liniment—Kills pain! For rheumatism, dizziness, chest colds.

To Save Nelson's Flagship

Suggestion Made that Famous Ship be Placed in Trafalgar Square

The fund to save Nelson's famous flagship, the Victory, has been swelled by a gift of \$50,000 from a rich wisher of the navy. For some time, the old wooden man-of-war has been rotting in her drydock at Portsmouth, but the work of restoring her will soon begin, so that she may be a symbol of wave-ravaging Britain. It is expected that the craft will be kept in a drydock dedicated to her use alone, although the suggestion has been made that she be placed at the base of the Nelson column in Trafalgar Square.

Nelson's Victory, the fifth ship of that name in the British navy, was laid down in 1759. She saw thirty-four years of service.

She Suffered for Twenty-Five Years

Then Mde. Arbour used Dodd's Kidney Pills

Quebec Lady who Suffered from Bright's Disease, Diabetes and Dropsy Restored to Good Health by Using Dodd's Kidney Pills. (White Head Pills, Spec.)

"For twenty-five years I have suffered from various forms of kidney disease which includes Bright's disease, Diabetes and Dropsy. I had pains in my back and was always tired and nervous. At times I found it difficult to collect my thoughts and I had sharp pains on the top of my head."

"I took fifteen boxes of Dodd's Kidney Pills and they have done me a lot of good. I am now enjoying good health."

Madeleine Francois Arbour, who lives here, makes the above statement. All over Canada, Dodd's Kidney Pills are recognized as suffering women's best friend. They act directly on the kidneys, making them strong and healthy. Diseased kidneys are the cause of nine-tenths of all the ills women are heir to. Solid kidneys mean pure blood. Thin blood means poor health. Weak, nervous run-down women should ask their neighbors about Dodd's Kidney Pills.

Said an old lady to a child who looked at her, "What are you staring at?" "What do you see in my face?" "Nothing," replied the child, and the lady passed on.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them more than when they are in good health. This fact proves that with Catarrh is a local disease, it is a general blood-poisoning condition. HALL'S CATARRH MEDICINE, via Tonic and acts through the blood upon the mucous surfaces of the body, thus restoring the infestation and assisting nature in expelling noxious conditions.

All Druggists, Circulars Free. Write to Dr. J. C. Hall, Inc., Toronto, Ont.

"YOUR TEETH" SCURVY AND THE TEETH

By Dr. Charles H. Fletcher, M.D., D.D.S., Pittsburgh, Pa.

At the latter institution in London, years of experiments in the study of scurvy have shown that the slightest trace of this disease results in definite changes in the structure of the teeth.

Navy have long known that the mere presence of bacteria does not mean infection. To have bacteria become active we must have a point of entrance and a lowered resistance.

Scurvy lowers the resistance of the teeth by causing changes in the tooth structure, and so encourages the activity of the bacteria of decay. In addition, the lowering of the vitality of the membrane surrounding the tooth, causes a loosening of the teeth in their sockets, which will result in their total loss if the disease is not checked.

Scurvy is a disease that is caused by lack of proper nourishment. We usually think of the disease as one that was commonest in the Civil War days and that is not likely to occur in our own time.

But, strange as it may seem, in times of peace, and in all parts of the world, scurvy is a prevalent disease.

There is a very common form, known as latent scurvy, that is difficult to recognize except by the condition of the gums and teeth. This is particularly prevalent in under-nourished children. The causes of this disease are: insufficient food, food that may be eaten in sufficient quantity but that does not provide the right elements for nourishment, food that may be sufficient in quantity and quality but that is not properly masticated and consequently does not completely digest.

In fact, it is not the quantity of food that counts; it is the nourishment derived from it that gives strength. The condition of the teeth and gums may be either the cause or the result of this disease of under-nourishment.

If the child's teeth decay rapidly and the gums are inflamed and the bony process around the teeth begins to absorb, giving the appearance of premature ageing, it is time to have the child treated by both the physician and the dentist.

Every child is entitled to the privilege of growing up healthy and strong. Don't wait for your child to "grow" this condition. Help the little fellow with all there is out of food and proper life.

London's Transport Problem

Omnibuses and Trains Carry Over Three Million Every Day

In carrying London's passengers, the underground railway trains and the omnibuses travel 3,540,000 miles last year.

This figure, extracted from what the companies lightly call their "miscellaneous statistics," gives some idea of the magnitude of the transport problem dealt with every day. Fifty per cent. of the population of London, for work, business or pleasure, are fewer than 3,473,378 people, travelling on the average daily above or below the surface (average of 223,106 more than in 1921), and in the year this meant the staggering total of 1,172,927,766 passengers!

What is even more striking is the fact that this huge figure represents an increase of 72,948,844 over 1921, and that but for the buses there would have been a big decrease.

Minard's Liniment for Neuralgia

Surplus Wheat in West

Grain exchange authorities assert there are still just less than 75,000,000 bushels of wheat scattered over the west that must go to England either by the Vancouver route or the eastern channels. This figure takes into account some 75,000,000 bushels in the west that must be utilized for domestic feed and flour.

There is nothing repulsive in Miller's Worm Powders, and they are pleasant to take as sugar, so that few children will refuse them. In some cases they cause vomiting through their action in an unusual stomach, but this is only at manifestation of their cleansing power, no indication that they are harmful. They can be thoroughly depended upon to clear worms from the system.

Where United States Failed

We know how many of the politicians feel about America's playing a neighbor's part in the end plight in which Europe is left after the war. We undertook to do a noble thing. Nobly we began it, and then—cleared away and tossed the war and aftermath.

If we believed the whole country felt as the politicians do we should be ashamed of our country. Therefore, like the individual that will save his life, will lose it. We are already losing ours—Dumb Animals, Ignorant.

Minard's Liniment for Rheumatism

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, also the assimilation of Food, giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

THE CHARTER COMPANY, NEW YORK CITY

Limitation of Arguments

France Will Fight in Line if Given Time

More than ten months is it since the United States Senate ratified almost unanimously the naval limitation treaty, which was one of the "highlights" of the Washington conference, for the limitation of armament. Some four months later, Japan, followed suit; then Canada, India, and the Union of South Africa, assented to its provisions, and a few days thereafter Great Britain gave formal approval to it. And now Italy has gone on record as favoring its terms. France alone remains to act. And certainly that country will be heard from, to the satisfaction of all. "It is given a little more" today. It is easy to condemn, but it is very well if a sense of forgiveness and mercy permeated the foreign relations of the nations of the earth—Christian Science Monitor.

Only One to Reach Covered 300 Eggs

The public has out of the total of 11,523 competing in the Record of Performance "A" during the year 1921-22 which reached the coveted 300 eggs mark was a single-couch White Leghorn hatched by the University of British Columbia. Of the 35,626 birds which have been entered in the contest since its inception in 1910, only two, including the one already referred to, have laid 300 eggs. The second bird was also a Leghorn and made its record in Ontario.

A Point of Resemblance

"That new man I hired reminds me of a steam engine." "Good worker, eh?" "Yes, but he whistles."—New Haven Register.

Keep Them Growing

Children who are over-thin, listless or delicate, should take Scott's Emulsion regularly every day as an aid to growth and sturdiness. Nothing surpasses Scott's Emulsion as a tonic-nutrient for a child of any age.

After EVERY Meal

give your digestion a "kick" with WIGLEYS.

Sound teeth, a good appetite and proper digestion mean MUCH to your health.

WIGLEY'S is a helper in all this work—a pleasant, beneficial pick-me-up.

Japan's Supply of Quicksilver

Japan will soon be independent for the supply of quicksilver. A rich vein has been discovered in the surface and at a very shallow depth, from two to six feet, has been discovered. The ore assays 18 per cent. and the vein increases in thickness the deeper it is followed.

Worms in Children, if they be not attended to, cause convulsions, and often death. "Father Graves' Worm Expeller" will protect the children from these distressing afflictions.

The fastest flowing river in the world is the Sutlej, in India, which rises 15,200 feet above the sea, and falls 15,000 feet in 150 miles.

IN SUPPORT OF FISH PROPAGATION

In our issue of February the 22nd we published a letter from M. A. Murphy, president of the Cowley Angling Society, in which he urged that similar angling societies be organized in all the towns along the Crow line with a view to impressing strongly upon the government the need of further protection of the fishing streams of the district and artificial propagation where necessary. Since then no further action has been taken, while the views as advanced by the Cowley Angling Society were worthy of most serious consideration and support.

For the benefit of those who might be interested, we reprint below some excerpts from Mr. Murphy's letter, and will also ask that anyone interested in the matter of the formation of an Angling Society in Blairmore will meet at the office of The Enterprise on Saturday next, April the 7th, at 8 p.m.

"All fishermen who have in the past enjoyed the royal sport of trout fishing in the various streams of this district, are doubtless aware that the trout are rapidly disappearing from the waters.

"As the only solution for remedying this condition would appear to be re-stocking through artificial propagation, it is the opinion of the Society that steps should be taken to warrant the establishment of a hatchery in this district.

"Only a united effort will secure this end with this object in view this association was formed, and it is requested that interested parties in each of the towns in the Pass take steps to organize a society, to cooperate to this end.

"The carrying out of the plan will largely depend on the prompt action of other centres in organization and this society will be glad to furnish further information or assistance in any way the forming of angling societies.

"When this is effected, a district meeting can be called at which concerted action can be taken and the Cowley Society trusts that the scheme will meet with approval and the prompt action which is desired.

LIEUT. GOVERNOR DONATES MEDALS FOR ESSAYS

The Lieutenant-Governor, of this province, His Honor Dr. R. G. Brett, takes a keen and lively interest in the progress of the school children, not only in their education as expressed by the routine work of the curriculum, but in the advance made in their health education under the Junior Red Cross. Dr. Brett realizes the vital importance of the knowledge of the laws of health and the practice of hygiene to the children of Canada. He is in full sympathy with the health program of the Red Cross, and to encourage the boys and girls to think along health lines he is donating medals for the best essays written by Junior Red Cross members. The children of Grades 5 and 6 are asked to write on the subject "Good Health and How to Keep It." Grades 7 and 8 to write on "The Art of Keeping Well." The first prizes are silver medals and the second bronze medals. The prize essays will be published in the Red Cross Junior, the official organ of the Society. It is hoped that a large number of scholars will take up this work, as there is no doubt that this competition will prove of real value.

The late Hon. Joseph Martin left an estate valued at about \$100,000.

FIRST MEETING OF NEW SCHOOL BOARD

The first regular meeting of the newly constituted school board was held at the school house on Friday night of last week, Mrs. P. M. Christophers and Messrs. Dutt, Chappell, Howe, and McVey being present.

On motion by Mr. Chappell, Mr. Dutt was again chosen chairman of the board for the ensuing year. In accepting the chairmanship, Mr. Dutt urged upon the members to attend meetings regularly and punctually and if unable to attend any meeting to promptly notify either the chairman or secretary.

The minutes of the last regular meeting were approved as read.

A communication was received from Principal Stevenson, of the Pioneer Creek school, stating his inability to act as presiding examiner here this year, other arrangements having already been made. On motion the board of securing a presiding examiner for the June examinations was left with the chairman of the board.

Moved by Mr. Chappell that plans and specifications be submitted to the board of public utilities commissioners, asking authority to issue debentures to the extent of not more than fourteen thousand dollars for the purpose of erecting and equipping a two-room frame addition to the present central school building, and that upon receipt of authority the building be added addition be proceeded with. Carried.

Communications were received from several interested bond dealers.

Mrs. Christophers asked as to the next ward school, as to what terms the building had been acquired upon. She was advised that a ten-year lease had been entered into and that the monthly rental consideration was \$30, part of the figures as 5 per cent of the cost of the building and the balance to cover water and heating.

Reference was made to the financial position of the school and it was stated that probably no district in the entire province was in such good standing. Assets would figure in the neighborhood of fifty thousand dollars, including lands, buildings and equipment. All the original debentures had been cleaned up, and there remained but seven or eight payments on the more recent issue of \$14,000.

The question arose as to whether it was good policy to build any further to the present main structure. Some members of the board felt that the time was opportune to lay the foundation for a more pretentious structure, fireproof and modern, which would perhaps incur an expenditure of about \$25,000 for a two-roomed solid brick building. Upon a vote, however, it was decided to build the two-room frame addition, making the central building of ten-room capacity.

On motion it was decided that interest rate on new debenture issue be 6 per cent.

An exhaustive and somewhat encouraging report from the public schools inspector, Mr. J. H. Huthinson, was read and ordered filed.

It was decided that regular meetings of the board be held on the last Friday of each month, at 8 o'clock, in the school house, as formerly.

Matter of securing a suitable office for the secretary-treasurer was considered, and it was decided that the present office be vacated by May 1st, provided a more suitable place could be secured.

A communication was received from the secretary-treasurer of the municipality, asking if the board would agree to a discount of 25 per cent in rates where lots to be sold were not worth the amount of accrued taxes charged against them. The following resolution in this connection was passed:

"Whereas certain lots carry arrears of taxes to a larger extent than sale value of said lots and the Town of Blairmore has agreed to a rebate on arrears to the amount of 25 per cent; therefore, this School Board agree to a similar reduction on said lots, provided that where a sale can be made for the total arrears of taxes due, or more, the arrears stand as

shown on the tax roll."

Motion by Mr. Chappell, that a cheque be made payable to Mrs. F. Thibodeau, covering services of her late husband as janitor for night school and for kalsomining and general repair work, to the amount of \$100. Carried.

Also moved by Mr. Chappell that text books and all other necessary school supplies be furnished by the district free of charge to the Thibodeau children attending this school in accordance with authority found in Section 139, sub-section L of the School Ordinance.

The following accounts were passed for payment: Crows Nest Flour and Feed Co. \$25.00, West Canadian Collieries \$32.40, Blairmore Hardware Co. \$110.05, A. Morency \$11.70, Knapman Plumbing & Heating Co. \$50.55, Richards \$30.05, S. Ennis \$50.00, Blairmore Pharmacy \$55.60, Blairmore Enterprise \$16.85.

THE 1923 ALBERTA BUDGET

A reduction in estimated expenditure for 1923 over the actual expenditure of 1922, of more than \$674,000, and the proposal for several new tax forms to increase revenue, are features of the 1923 budget which was submitted to the legislature on Monday last by Premier Greenfield, who is also provincial treasurer.

The reductions planned will result in the elimination of several government services as follows:

Reduction in grants to primary, secondary schools, and University of Alberta.

Reduction in staff of school inspectors.

Discontinuation of normal school at Edmonton.

Closing of two more schools of agriculture.

Reduction in staff of public health nurses.

If reduction in capital expenditure on roads, bridges and public buildings.

Centralization and rearrangement of care of mental patients to bring about saving in capital expenditures.

The new taxes proposed are as follows and are expected to yield a considerable amount in new revenue.

Provincial tax on mineral leases.

Tax on soft drinks.

Tax on slot gambling machines.

Succession duties set at advance.

Reduction in estimated expenditures in each department for 1923 over the actual expenditure of their departments for 1922, have been made, as follows:

Civil government \$1,673,566

Legislation 2,264.46

Administration of Justice 60,512.23

Public Works 129,291.13

Education 115,308.70

Agriculture & statistics 263,066.61

Railways branch 6,482.21

Estimated deficit 1923, \$1,016,239.16

The Pass experienced the heaviest snowfall for years last night, when about seven inches fell in about an hour.

The execution of Old Dorset for the murder of Charles Kelly, at Valcartier, is set for next Wednesday, April 11th, at Lettbridge.

The goose had been carried, and everybody had tasted it. It was excellent. The negro minister, who was the guest of honor, could not restrain his enthusiasm.

"Date as fine a goose as I ever set my teeth in," Brother Williams, he said to his host. "What did you get such a fine goose?"

"Well, now parson," replied the carrier of the goose, exhibiting great dignity and reluctance. "When you never axes nor whar you got it, I hope you will show de same consideration."

Local and General Items

Ducks have already returned to the lakes in this district.

School reopened this morning, having been closed since Thursday last for Easter holidays.

What a splendid thing it would be if people who lose their tempers were used to find them again.

A general meeting of the Farmers' Association was held in Blairmore yesterday morning.

Miss Charlotte McEachern, of the Coleman teaching staff, spent Easter with her parents at Lethbridge.

This is the time of year when all classes of "chickens" start to lessen their coverings.

Mayor Densmore, of Lundbreck, was a business visitor to the Pass capital yesterday. He also paid a flying visit to Coleman.

We understand that construction and for the new courthouse will be taken, from the Boutry sand pit at Burma.

P. Burns & Co., Limited, offer for Saturday, Dominion Lark Sausage 25c per pound, Ideal Sals at 15c. Wafers at 25c. Head Cheese at 15c. Cheese Loaf at 25c. Compressed Ham at 25c.

Fred Kolvin has been found guilty of the murder of John Koolanko near Stettler and was sentenced by Mr. Justice Simmons to hang at Fort Saskatchewan on June the 23rd.

Ottawa Senators are the worthy title holders of the Stanley Cup, having defeated the Eskimos, of Edmonton, at Vancouver, taking two falls out of three.

William Johnston, of Fernie, has been appointed distributor for Oldsmobile cars for the district extending from Burma to Kootenay Landing and through the Windermere district.

Mr. Wilbur L. Foley, principal of the Natal school, and Mr. Alex. Kubacki, of the Trites-Wood Co. staff, Michel, were guests of Mr. and Mrs. D. F. Fleming over the Easter holidays.

Lots of new-hat owners were anxious to return their hats and have their money refunded on Tuesday because the weather had not permitted them to put on a "show" on Easter Sunday.

The Lethbridge Can-Pac Minstrels discovered a difference between a Ford car and the editor of this fire-side companion. It is that the Ford car has acetylene lamps, while the editor has acetylene legs. See the point!

The entertainment staged here on Friday night last by the Can-Pac Minstrels, of Lethbridge, was well received. Some of the choruses were excellent, while the skits on local parties were bordering on par-excellence. The show, however, was deserving of a larger crowd.

We understand that the Mar On lots on Victoria Street have changed hands, and that a modern building will be erected thereon shortly. The lots are considered the most valuable along Victoria Street, and were formerly occupied by Mar On, as a general store and Mar Poy as a restaurant.

The Tuxis Boys of the Union church desire to thank the following hockey teams for donating the proceeds of hockey games in which they participated to the Tuxis fund: Scribes, Bankers, Sheriff and Phoenix. The amount was \$38.90 and will be used to purchase a baseball outfit for the Tuxis. Signed—W. T. Young, Mentor.

In our reference last week to an incident which occurred west of Coleman, we did not wish to infer that the police officer was responsible for the insult inflicted upon innocent parties, for we know that the officers have certain duties to perform, but at the same time there is room for discretion in most cases. One thing is certain, if the police are to intercept every car coming through this year it will seriously affect the looked-for traffic over the Bang-Windermere-Crows' Nest Pass circle tour.

The death occurred at Pincher Station on the morning of March 28th of Mary, the little five-year-old daughter of Mr. and Mrs. A. H. Freeman, following but a brief illness. Interment took place at Pincher Creek on Wednesday, March 28th. The following floral offerings are acknowledged: "Gates Ajar," Mr. and Mrs. J. Carney and family, Bellevue; wreath, Mamma and Daddy; heart, Estie and John Carney, Bellevue; spray, Mr. and Mrs. W. Patterson and family, Blairmore; Mr. and Mrs. R. Carney and family, Mr. and Mrs. A. Carney and family, Mr. and Mrs. Watson and family; Hilda and Tom Berlin; Hilda, Tommie and Billy Hanning; Granddad, Uncle and Aunt, and Masons.

PAINLESS DENTISTRY

A big good natured Irishman from up country visited a so called "Painless Dentist" in order to have a troublesome molar extracted, and suspecting that he was liable to create trouble if the operation wasn't entirely painless said to his office boy, "Jimmy, go and get a large dental chair. As soon as the patient gets in to position I'll wink and you jab the pin through the seat of the chair." When the dentist was ready he gave the signal to the boy, and with a yell the big Irishman sprang from the dental chair.

"Well," said the dentist, "That didn't hurt much, eh?" "No," said the Irishman, "But I didn't know the d— root went down so far."

FOR SALE—White Wicker Baby Buggy, in good condition Apply to The Enterprise.

MRS. MARY JOY SUICIDES

Mrs. Mary Joy (or Giola) who figured so prominently in the Giola manslaughter case at Hillcrest last year, has committed suicide by taking a heavy dose of crocin, a poisonous disinfectant.

Mrs. Joy was out on suspended sentence in connection with the death of Samuel Joy, which took place at Hillcrest under the most mysterious circumstances, and was one of the chief witnesses of the case in which the Joys were put on trial for the murder of a fellow countryman, whose body was found some days after death in a partially decomposed condition in a small house. Her husband, Nicola Giola, received a three year sentence. It is said that she left letters, confessing to the poisoning of Sam Giola, her brother-in-law.

She has been living at Rocky Mountain House, and had recently visited Lethbridge. She leaves three small children.

CROWS' NEST FOOTBALL LEAGUE ANNUAL MEETING

The annual meeting of the Crows' Nest Pass Football League was held at Fernie on Sunday last, when delegates from the various clubs were in attendance.

It was decided to affiliate with the Alberta Provincial Association, which will give a governing body and also the privilege of playing off for the provincial football honors.

The following officers were elected: Hon. President—Mr. J. Cahoonier.

Hon. Vice-Presidents—Mr. O. E. Whitehead, Mr. W. Thompson, Mr. G. A. Vinson and Mr. D. Davidson.

President—Mr. James Crowder, Blairmore.

Vice-President—Mr. Robert Bonner, Michel.

Secretary-Treasurer—Mr. Robert McFegan, Michel.

The meeting adjourned until April the 22nd, to be then held in Michel.

It is to be hoped that the public will try and extend themselves during the coming season and give the various clubs the support they will require, if they are to have a successful season.

SUES C. P. R. FOR HEAVY DAMAGES

The Supreme Court at Lethbridge is this week hearing the case of Kobewka versus the C.P.R., an action in which the sum of \$11,270 is claimed. Harry Kobewka, a laborer, resided near Coleman and claims that while engaged as a section hand, on May 30th, 1922, in removing ties into the yard at Coleman he met with an accident which resulted in his leg being broken in two places. His claim is: Special damages, 180 days at four dollars per day; \$720; medical and surgical expenses \$200; hospital expenses \$150; other expenses \$200—total \$1270—and general damages \$10,000.

The case concluded last on Tuesday, with the jury retiring at half past six. Mr. Justice Walsh gave judgment on the verdict of the jury for the plaintiff in the sum of \$874.40, plus hospital and doctors' fees, which by consent were fixed at \$175, making \$1,050 in all, without costs, the money in court to be paid out to the plaintiff.

Red Deer city council has fixed the tax rate at sixty mills.

If you can keep your head when all about you
And losing things and blaming it on you;
If you can trust yourself when all men doubt you;
But make allowances for their doubting, too;
If you can wait and not be tired of waiting,
Or being lied about don't deal in lies,
Or being hated don't give way to hating,
And yet don't look too good, nor talk too wise;
If you can dream—and not make dreams your master;
If you can think—and not make thoughts your aim;
If you can meet with triumph and disaster
And treat those two imposters just the same;
If you can hear the truth when you're spoken
Twisted by knaves to make a trap for fools,
Or watch the things you gave your life to, broken,
And stoop and build them up with your dead—

work-out tool:
If you can make one heap of all your visionings
And risk it on one go of pitch-and-toss;
And lose, and start again at your beginning;
And never breathe a word about your loss;
If you can love your heart's desire and stand
As hard as steel when you are sneered;
And seek you turn long after they are gone,
And hold on when there is nothing in you
Except the Will which says to them: "Hold on!"
If you can talk with crowds and keep your virtue,
Or walk with kings—near less the common touch;
If neither dead nor living friends can hurt you;
If all men count with you, but none too much;
If you can fill the unforgiving minute
With sixty seconds' worth of taste, run,
Yours is the Earth and everything that's in it,
And what is more—you'll have a Man's right Son! —Rudyard Kipling
